## Our Concept

“A trip you can feel through spirits and stories and not found in any guidebook”

Sokoiko! is a guided cycling tour of the story of Hiroshima before, during, and after the war, and of now.

From Peace Park, take an e-bike to the suburbs.

We will go see the real Hiroshima, such as cityscapes, residential areas, and beautiful riverside scenery, with the focus being on the atomic bomb heritage sites in the city.

Then, we will guide you while sharing with you how the city was revived after the devastation, and also the spirits of people, and episodes that are conveyed locally.
